

DISCOVER  
THE NEW  
EMOTION  
W880

## a matter of emotion

**Emotion is the leading headset brand. Emotion is all about universal solutions for intensive cordless and corded telephone comfort.**

Under the Emotion name, we market high-quality headsets which we develop and manufacture ourselves, applying the very latest noise-cancelling technology. The products are extremely well suited to intensive use in office environments.

 **emotion**

The cordless Emotion W880 headset was specially developed for intensive use in and around the workstation. The extra battery compartment in the headset base station (called the hotswap function) means that your cordless headset is always ready for use. The battery can be replaced and charged even while a call is being made.

- DECT wireless headset solution
- Integrated battery compartment in the headset base station
- Supplied with two options for wear: headband and earhook
- 6.5 hours of talk time per battery
- Range up to 400 m

The external port for an electronic hook switch, featured as standard, means that telephone calls can be answered and ended remotely. Making and receiving calls is no problem at all, even in busy office environments. This is because the noise-cancelling technology built into the microphone ensures that background noise is kept to a minimum.

- High standard of audio quality
- Adjustable reception volume
- Consultation hold function
- Online battery indicator
- 'Out of range' indicator
- DECT/GAP compatible
- VOIP/USB connection \*
- Conference call possible for up to three callers

\* For connection to Apple MAC or PC software Windows 98, Windows 2000, Windows XP, Windows Vista and Windows 7.

The cordless Emotion W880 headset can be used in combination with practically any telephone.
